LinkedIn: [www.linkedin.com/in/ula-aripov](http://www.linkedin.com/in/ula-aripov)

## PROFESSIONAL SUMMARY

Full-Stack Software Engineer with 6+ years of experience building, maintaining, and scaling web applications. Specialized in Ruby on Rails, with strong experience in C#.NET backend development, modern frontend frameworks (ReactJS/Redux), and Rails templating technologies (ERB and Slim with Hotwire Turbo and Stimulus). Hands-on experience building LLM-based executive assistance tools and a solid base in cloud-based platforms and services, previously certified in Java and able to quickly restore proficiency despite limited recent use.

## TECHNICAL SKILLS

**Frontend:** ReactJS, Redux, Angular, ERB and Slim with Hotwire Turbo and Stimulus

**Backend:** Ruby on Rails, C#.NET, NodeJS, REST APIs

**Cloud & DevOps:** AWS (Lambda, API Gateway, S3, DynamoDB, CloudFormation & more), experience with Azure environments

**Databases:** PostgreSQL, MySQL, SQL Server, DynamoDB

**Tools:** Claude Code CLI (efficiency tool), Ruby LLM (used to build an executive chatbot), Git, GitHub Actions, CircleCI, Capybara, Cypress, Playwright

**Practices:** Debugging complex issues, Agile/Scrum, responsive UI development

## CERTIFICATIONS

**Oracle Certified Associate, Java SE 8 Programmer**

Exam ID: 1Z0-808 — Aug 2016

## PROFESSIONAL EXPERIENCE

### Software Engineer III

*Launch Scout LLC* (<https://launchscout.com/about-us>)

**October 2019 – January 2026**      Cincinnati, OH (through August 2022), Remote thereafter

## EDUCATION

### BSc in Computer Science (In Progress)

University of the People (<https://www.uopeople.edu>) — Second-year student

### BSc ( Honors ) in Applied Accounting

Oxford Brookes University, June 2014
